**Local Global Education Company
Sponsoring Cultural Immersion Experience in China**

*17-day summer camp designed to
immerse executives, professionals in Chinese culture and language*

(Omaha, NE) Business executives and professionals interested in expanding their understanding of global business opportunities know that China is a growing market for American goods and services. WARP Worldwide, a local education company that focuses on international learning experiences, offers a 17-day immersion experience for adult learners.

The Heart of China immersion experience combines beginning courses on Chinese language and culture with tours of historic Chinese sites like the tomb of the Terra Cotta warriors, the Big Goose Temple, the Silk Road Museum and more. Participants will be based at Xi'an International University, which conducts the program. Xi'an International University welcomes more than 500 foreign students and visitors each year.

"This learning immersion program came about from requests we have received from numerous local business organizations who want their executives to have a stronger familiarity with Chinese culture and language," noted Grace Arp, president and founder of WARP Worldwide. "Because of these requests, we put together this all-inclusive education and cultural immersion program. We're opening it up to any adult with an interest in Chinese culture."

Courses in the curriculum include beginning Chinese, Chinese literature and art, Chinese calligraphy, Tai Chi and much more. A complete itinerary is available at www.warpww.com/camps. WARP Worldwide prepares group members with pre-travel sessions in Omaha and Lincoln. During the tour, daily communications are sent to family members about activities and status.

This year's camp participants will depart on May 30, 2018 and return to Omaha on June 15, 2018.

The all-inclusive package covers round-trip flight tickets, accommodations, on-campus meals, entrance tickets and guides to all attractions and destinations, Chinese language materials and certificates, course registration and administration fees, travel medical insurance.

In order to assure a remarkable experience for all, space is limited. To learn more and reserve your place, visit www.warpww.com/camps.
